B2B Exports LLC
Your ITAD Partner
Trade your IT Assets with us

B2B Exports LLC is a global leader in providing IT asset disposition services—from secure data wiping to physical destruction. Since our foundation in 2008, with over 25+ years of industry experience, we have built a legacy of excellence and trust. We proudly hold globally recognized certifications including R2V3, ISO 45001, ISO 14001, and ISO 9001. Our commitment has always been to deliver trusted and efficient ITAD solutions worldwide.

We help organizations enhance their businesses through seamless international trade and supply. With headquarters in the USA and subsidiaries in the UK, UAE, Poland, and India, we serve a diverse clientele across the globe—ranging from small businesses and large corporations to government agencies, banks, and financial institutions.

We specialize in complete IT asset lifecycle management—covering disposition, secure data destruction, refurbishing, remarketing, and full data center decommissioning.
